

# NURIDDIN ISLAMOV

Jr. Software Engineer

nuriddinislamov@icloud.com

33, Station Place, CB1 2FP  
Cambridge, United Kingdom  
+44 7926 749954

## bio

---

I am a self-motivated tech enthusiast with a year of experience in the industry, striving to enhance people's lives through software.

## skills

---

- Python, JavaScript, HTML/CSS, PostgreSQL, MongoDB, Django, React, Express, Tailwind CSS
- AWS, Digital Ocean, Unix, Git, Bash, Postman, REST, Nodejs,
- Languages: English, Russian; googling, stress endurance, accuracy

## experience

---

**Software Engineer Internship** @ ez-developers Tashkent, Uzbekistan

- Volunteered to set up team's local Ubuntu server for everyday access to project files and assured the network and disk read-and-write load stability
- Built RESTful backend API with Django Rest Framework
- Refactored Python code to allow faster asynchronous CRUD operations with database

**Internal Technical Support Engineer** @ Bellissimo Pizza Intl. Tashkent, Uzbekistan

- Installed and maintained company's private application on 12 locations around the city
- Provided personalized assistance to office staff with network and software issues
- Handled daily 20+ phone calls to support colleagues remotely via AnyDesk

## projects

---

**Trader One (chat bot)** – <https://traderone.app>

- Created a cron job for the bot and automated user notifications with Telegram's Bot API
- Deployed on a fresh new Ubuntu server on Digital Ocean with nginx, gunicorn and certbot
- Developed an API with Django Rest Framework for concurrent data access via HTTP calls to the backend server
- Contributed to the UI design workflow and helped building admin dashboard with Django

## education

---

*Sept. 2021 – May 2024* Anglia Ruskin University Cambridge, UK

**BEng Computer Science**

- Computer Systems, Networking
- Data Structures & Algorithms

*Sept. 2020 – June 2021* Westminster International University Tashkent, Uzbekistan

**Certificate of International Foundation Studies**

- Understanding computer hardware
- Software principles, Core Mathematics for Software Engineering
